Subscribed

When you choose the "Subscribed" status for your contacts, it indicates that you've gained permission to market to them.

These imported contacts will not receive a confirmation email or SMS notification from Mailchimp. Since you're adding them manually, they won't have an opt-in IP address or date in your records, so be extra sure you have permission first.

Finalize import

Review and complete your import

4 contacts will be updated or added to your "ORELIAN" audience.

- **Imported from:** Copy and paste
- **Email marketing status:** Subscribed
- **Update existing contacts:** Yes
- **Tagged:** Customer, 2026

The maximum number of contacts allowed on your Free plan is 250. If you go beyond 250 contacts with this import, your ability to send email campaigns may be impacted.
